

Yuhao Guo

8-3-902, Jiang Nan Hao Yuan, Binjiang District, Hangzhou, Zhejiang 310052, China
Tel: 1-(614)517-9224(U.S.) / 86-15957198076 (CN) | Email: gyuhao@wustl.edu

EDUCATION BACKGROUND

Ohio State University, Columbus, U.S. Bachelor of Science in Mathematics ● Dean's List for Autumn 2024, Spring 2025 Semester, Autumn 2025 and Spring 2026 Semester	08/2024-06/2026 GPA: 3.966/4.0
Washington University in St. Louis, St. Louis, U.S.	08/2026

INTERNSHIP EXPERIENCE

Marketing Analyst Intern, Shenzhen Yitong Investment Co., Ltd, Shanghai Office, Shanghai, China ● Assisted in composing a comprehensive market analysis report on Yiwu Small Commodity City for institutional investment research; ● Systematically researched and analyzed its business segments, financial data, and competitive advantages to support investment decisions; Contributed to forecasting and evaluating company's future growth potential based on market analysis.	05/2025-06/2025
---	-----------------

RESEARCH & PROJECT EXPERIENCES

Researcher, Bacteriophage Discovery & Genomic Analysis, Columbus, U.S. ● Isolated and purified lytic bacteriophages using 3-phase streak protocols, achieving a high-titer stock concentration of 2.3×10^7 PFU/mL. ● Extracted genomic DNA and troubleshooted low 260/230 purity ratios to optimize yield (52 ng/ μ L) for downstream applications. ● Evaluated genomic architecture via restriction enzyme digestion (BamHI, EcoRI) and agarose gel electrophoresis. ● Maintained detailed lab documentation and authored a comprehensive research report summarizing experimental findings and analytical logic.	01/2026-04/2026
Researcher, Chemistry Lab Research: Purification of Lead Iodide (PbI₂), Columbus, U.S. ● Synthesized PbI ₂ and investigated an anomalous 128% yield by systematically testing purification methods; ● Identified vacuum filtration as the optimal purification technique through experimental comparison; ● Achieved a 98% yield, bridging theoretical knowledge with practical problem-solving.	09/2025-11/2025
Researcher, Physics Lab Research: Measuring Electric Charge via Electrostatic Repulsion, Columbus, U.S. ● Applied Coulomb's Law to design an experiment measuring electric charge by quantifying repulsion distance; ● Performed precise data collection and error analysis to ensure measurement accuracy; ● Directly connected theoretical physics with hands-on experimental verification.	03/2025-04/2025
Researcher, Research in Quantitative Analysis & Communication, Columbus, U.S. ● Conducted a self-directed research project to develop advanced research and analytical communication skills; ● Navigated complex information and produced a well-structured academic paper on a chosen topic; ● Mastered core concepts to deliver an effective and clear presentation to an audience.	10/2024-11/2024
Researcher, Data Modelling and Statistical Analysis, Hangzhou, China ● Designed a blueprint for an organizational data management system; ● Outlined data collection methods, defined relationships between datasets, and determined storage and analysis strategies; ● Learned to visualize and materialize the model to communicate complex information effectively.	08/2023
Researcher, Actuarial Training: A Study of Actuarial Methods, Hangzhou, China ● Completed an intensive course on banking, finance, and insurance, building a foundation in actuarial science; ● Conducted comparative research to synthesize learning from the course; ● Authored a dissertation analyzing the differences between the insurance industries in China and the United States.	07/2023
Team Leader & Researcher, Analysis of Stock Data Based on Clustering Method, Hangzhou, China ● Applied the AP clustering algorithm to analyze pre-IPO A-share stock data; wrote code to process financial data and successfully categorized 69 stocks into 9 distinct clusters based on market performance; ● Documented the analysis process and findings in a formal dissertation.	07/2022-08/2022

EXTRACURRICULAR EXPERIENCES

Member, School Mathematics Competition Organization, Hangzhou, China ● Attended weekly training and solved advanced mathematical problems; ● Mentored lower-grade students by sharing mathematical concepts and problem-solving strategies; ● Fostered a collaborative team environment for mathematics competition preparation.	09/2022-07/2024
Member, TED Speech Club, Hangzhou, China ● Participated in weekly meetings analyzing TED Talks and conducting speech imitation to deconstruct speech techniques; ● Helped organize internal speech contests, significantly improving public speaking, presentation and communication skills.	2021-2022
Participant, School Speech Contest, Hangzhou, China ● Selected a topic relevant to the school community and independently researched, wrote, and rehearsed a 10-minute speech; ● Competed against over 30 students and delivered the presentation; improved public speaking skills and self-confidence.	04/2022

VOLUNTEER EXPERIENCES

Volunteer, Mother's Smile Action, Hangzhou, China

2022-2023

- Was responsible for patient registration and conducted initial interviews with families;
- Supported efficient clinic operations through accurate information collection and coordination and assisted children from low-income families.

Participant and Team Leader, Bali Distance Education Project, Bali, Indonesia

08/2022

- Learned about local Balinese customs, led a team of over 30 overseas teenagers to design and record video lessons about Chinese festivals to popularize Chinese culture and foster cross-cultural understanding through educational exchange.

Volunteer, Bali Anugerah Sejahtera Project, Bali, Indonesia

07/2022

- Completed an international volunteer program in Denpasar involving community service, social and learning activities with students from William Booth Orphanage and a local junior high school;
- Assisted with clean-up work, washing bedding, arranging clothes, distributing gifts, teaching lessons, sharing stories, and playing games with students.

AWARDS & HONORS

• Volunteer Certificate, Bali Anugerah Sejahtera Project, *International Level*

2023

• *Certificate of Distinction(Top 20%)*, Australian Mathematics Competition, *International Level*

2022

• *Second Prize(Top 25%)*, Waterloo Mathematics Contest, *International Level*

2021

LANGUAGE & TECHNICAL SKILLS

- **Language:** Native in Chinese and fluent in English;
- **Computer Skills:** Proficient in Microsoft Office Suite; Java; MatLab
